

Associate in Science (AS)

Liberal Arts & Transfer Studies Division

Program Description:

Career Outlook:

Many businesses and industries seek well-rounded employees whose maturity level and communication and decision-making skills are a step above those of traditional high school graduates. The Associate in Science Degree in Transfer Studies provides graduates with enhanced work skills without requiring the larger commitment of time or money necessary for a bachelor's degree. This degree is ideal for currently employed high school graduates who need a college degree to advance in their positions.
