Program Description:
The Transportation Technology Program provides a specialized distance learning education and training for the student or current industry employee having an interest in the transportation field. This unique on-line, distance learning and life-experience curriculum breaks the tether to the traditional classroom. It is designed to support a drop-in/drop-out lifelong learning philosophy of continuing education and laddered degree options from a certificate of achievement for specific skill sets to an Associate’s, Bachelor’s and Master’s degree in transportation studies. In addition to formal academic credit, the program is designed to accept related credit equivalency from any academic, vocational, or industry training program to include documented life-long learning skills, test-out exam, industry recognized certifications, and/or continuing education units (CEU’s).

Career Outlook:
Jobs in the transportation field are expected to increase.

Salary Forecast:
For the most current salary information please refer to the Bureau of Labor Statistics “Occupational Outlook Handbook” found at www.bls.gov/ohb/.

Entrance Requirements: Entry into this program requires acceptance by third party railroad agencies. Please contact the Workforce Development office for application instructions.
