Program Mission Statement

The Administrative Assistant Technology Medical Transcription Certificate Program maintains student learning as its main priority and is committed to excellence in a learning environment that emphasizes procedures in a medical transcription setting, problem solving, and skilled use of computer software applications to provide for workforce development, career preparation, and lifelong learning.

STATEMENT OF INTENDED OUTCOME 1

Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will implement appropriate office procedures.

STATEMENT OF INTENDED OUTCOME 2

Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will implement appropriate problem solving strategies.

STATEMENT OF INTENDED OUTCOME 3

Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will utilize appropriate business software applications.

STATEMENT OF INTENDED OUTCOME 4

General Education Outcomes

- Communicate effectively using written and oral skills.
- Apply mathematics and basic scientific concepts for problem solving activities.
- Utilize technology competently.
- Use critical thinking skills.
- Develop an awareness of ethical behavior.
- Recognize the richness of diversity.

	Recognize the richness of diversity.	E	E	E	E	E	E	E	E	E	E	R										
		I = Introduced E = Emphasized R = Reinforced																				
Introduces -Student is not familiar with content/skill, behavioral, or affective disposition. Instruction concentrates on introducing students to the content area/skill and bring them to some predetermined level of competence.		Emphasizes -Student should have brought basic content/skill to the component area. Instruction concentrates on enhancing content/strengthening skill and adding new content material/building more complex skills based on entrance competency.										Reinforces – Student bring reasonable knowledge/content/skill/competency to the situation as a result of content/skill being taught and/or emphasized at some previous point in their educational career. Instructional activity continues to build upon previous competency and reinforces content/skill competency.

IE/OA 4. ASSESSMENT MEASURES

Program – Degree or Certificate

Administrative Assistant Technology – Medical Transcription Certificate Program

Team Members

Marjorie Keatley

Date

February 22, 2005

* For each Outcome assessment measure, designate the assessment result/level that indicates

- Student learning has exceeded standards
- Student learning has met standards
- Student learning is below standards

Statement of Intended Outcome 1

Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program option will implement appropriate office procedures.

Assessment Measure #1

Student learning has exceeded standards when more than 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates implement appropriate office procedures.

Assessment Measure #2

Student learning has met standards when 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates implement appropriate office procedures.

Assessment Measure #3

Student learning is below standards when less than 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates implement appropriate office procedures.

Statement of Intended Outcome 2

Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will implement appropriate problem solving strategies.

Assessment Measure #1

Student learning has exceeded standards when more than 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates implement appropriate problem solving strategies.

Assessment Measure #2

Student learning has met standards when 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates implement appropriate problem solving strategies.

Assessment Measure #3

Student learning is below standards when less than 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates implement appropriate problem solving strategies.

Statement of Intended Outcome 3

Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will utilize appropriate business software applications.

Assessment Measure #1

Student learning has exceeded standards when more than 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates utilize appropriate business software applications.

Assessment Measure #2

Student learning has met standards when 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates utilize appropriate business software applications.

Assessment Measure #3

Student learning is below standards when less than 50 percent of the responding internship supervisors of the Administrative Assistant Technology Medical Transcription Certificate Program report that graduates utilize appropriate business software applications.

Statement of Intended Outcome 4

General Education Outcomes

- Communicate effectively using written and oral skills.
- Apply mathematics and basic scientific concepts for problem solving activities.
- Utilize technology competently.
- Use critical thinking skills.
- Develop an awareness of ethical behavior.
- Recognize the richness of diversity.

Assessment Measure #1

Student learning has met General Education Outcomes when internship has been successfully completed.

Assessment Measure #2

Assessment Measure #3

Marshall Community & Technical College

IE/OA 6. OUTCOMES ASSESSMENT TOOLS (FEEDBACK LOOP) Administrative Assistant Technology Medical Transcription Certificate Program

An Outcomes Assessment Plan should be in accord with the College's Mission Statement, the Division's Mission Statement, and the Program's intended outcomes. Ongoing Assessment Techniques should assess the effects of the program and its services upon campus students and the workforce:

Marshall Community and Technical College Mission Statement

Marshall Community and Technical College is a comprehensive student-centered college focused on teaching and learning, and responsive to changing and diverse needs.

Operational Vision Statement

Marshall Community and Technical College will be learning centered, community-connected, & future focused. Marshall Community and Technical College strives to provide high-quality and relevant learning opportunities to meet the workforce, transfer, basic skills, and lifelong learning needs of the communities it serves.

Operational Values

In support of our vision and mission, Marshall Community and Technical College affirms the following values:

- **Learner-based education**
- **Broad-based and community-based partnerships**
- **Excellence and accountability**
- **Continuous program improvement**
- **Results-oriented decision-making.**

Program/Option/Unit Mission Statement

The Administrative Assistant Technology Medical Transcription Certificate Program maintains student learning as its main priority and is committed to excellence in a learning environment that emphasizes procedures in a medical transcription setting, problem solving, and skilled use of computer business software applications to provide for workforce development, career preparation, and lifelong learning.

Program Outcomes Upon completion of the program, <u>What must students know?</u>	Assessment Methods Used for Each Program Outcome	What standards or benchmarks (such as %) did you use?	How did you use the assessment results in program planning?	What dates were the assessment data reviewed and program/ curriculum revised?
Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will implement appropriate office procedures.	Student learning has met standards when 50% of the responding internship supervisors of the AAT Medical Transcription Certificate Program option report that graduates implement appropriate office procedures.	90% of program majors will successfully complete an internship. Students will complete written evaluations of the program.	100% of the students successfully completed an internship. Based on student written evaluations, courses were redistributed.	May 2002, May 2003
Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will implement appropriate problem solving strategies.	Student learning has met standards when 50% of the responding internship supervisors of the AAT Medical Transcription Certificate Program report that graduates implement appropriate problem solving strategies.	90% of program majors will successfully complete an internship. Students will complete written evaluations of the program.	100% of the students successfully completed an internship. Based on student written evaluations, courses were redistributed.	May 2002, May 2003
Graduates of the Administrative Assistant Technology Medical Transcription Certificate Program will utilize appropriate business software applications.	Student learning has met standards when 50% of the responding internship supervisors of the AAT Medical Transcription Certificate Program report that graduates implement appropriate business software applications.	90% of program majors will successfully complete an internship. Students will complete written evaluations of the program.	100% of the students successfully completed an internship. Based on student written evaluations, courses were redistributed.	May 2002, May 2003
Current General Education Outcomes: <ul style="list-style-type: none"> • Communication Skills Oral Written • Quantitative Skills/Science • Technological Skills • Critical Thinking Skills • Ethical Behavior Awareness • Diversity Awareness 	Students will complete a medical transcription internship.	Student learning has met General Education Outcomes when a medical transcription internship has been successfully completed.	100% of the students successfully completed an internship.
