Fall 2019 Semester Assessment Report

*Please submit this completed form to your administrative assistant before  
Thursday, February 27, 2020.*

Instructor:

Course/Number/Section/CRN:

Course Outcomes: (State the course learning outcomes that was assessed.)

General Education Outcome: (Circle any gen ed outcome that was assessed.)

Ia. The student will compose coherent, unified written documents that demonstrate correct mechanics and style, as well as appropriate documentation of sources.

Ib. The student will communicate verbal and nonverbal messages appropriate to the audience and situation.

II. The student will use appropriate evidence or sound reasoning to make a judgment.

III. The student will demonstrate an understanding of the complexity of elements important to members of another culture in relation to its history, values, politics, communication styles, economy, or beliefs and practices.

IV. The student will apply mathematical reasoning to solve quantitative problems

Follow-up Assessment: (Is this a follow-up to an assessment you conducted last fall? If so, briefly discuss the results of the changes you implemented following the initial assessment. Is another round of assessment required?)

Method of Assessment: (In 250 words or less, summarizing the assessment project, including data collected, results, interpretation, and recommendations based on findings)

Plans for Improvement: (What changes should be made as a result of the data you gathered? These may include changes to curriculum or instruction, training or professional development needed, or other resources.)

Timeline: (What is your proposed timeline for implementing these changes?)

Budgetary Needs: (Will there be any cost associated with the proposed changes?)
