

Program Description:

The Occupational Developmental Degree in Child Development Specialist is designed to meet two major needs:

- (1) To provide for cooperatively sponsored educational opportunities leading to the Associate in Applied Science degree for students in approved apprenticeship training programs;
- (2) To provide a mechanism for Mountwest Community & Technical College to deliver educational programs to individuals employed in the Child Development field.

The United States Department of Labor, Bureau of Apprenticeships and Training (BAT) identify eligible apprenticeships. Components of the program include the following: general education courses, classroom instruction in child development, and on-the-job training.

Occupational Development students must meet all admission and performance standards. Credits earned through either registered apprenticeship programs or through industry-based education and training programs will not be added to the students' collegiate transcripts until they have completed three program credit hours from Mountwest Community & Technical College and have obtained at least a 2.00 GPA.

The Occupational Development Degree in Child Development Specialist will prepare the student for employment in daycare centers, Head Start Programs, and other early childhood learning centers. The Child Development Specialist graduate will possess:

- Supervisory skills.
- Computer software skills.
- Relevant essential math skills.
- Written and oral communication skills.

Career Outlook:

For the most current information please refer to the Bureau of Labor Statistics "Occupational Outlook Handbook" found at www.bls.gov/ooh/.
