MOUNTWEST
COMMUNITY AND TECHNICAL COLLEGE
A State Community and Technical College of West Virginia
An Equal Opportunity/Affirmative Action Employer

All Mountwest students and employees are granted a unique MCTC account username that will be used throughout their journey with us.

Your MCTC username and password will be used to login to all Mountwest campus systems including *MyMCTC, Blackboard, campus computers, Microsoft 365, and will also serve as your campus email address.*

Logging in

Blackboard and campus email will require you to include **@mctc.edu** behind your username when logging in. Campus computer login and MyMCTC will only require your MCTC account username (without @mctc.edu).

If you forget your MCTC account username at any point, please use the self-service password reset utility located on the IT Service Desk page.

Additional Help

If additional help is needed, you can call the Mountwest IT Helpdesk at 304-740-3470. You can also submit a support ticket at https://support.mctc.edu/ and one of our technicians will assist you.
