*This is a competitive enrollment program. There are no guarantees of admission based on application submission.

CHARACTERISTICS OF A SUCCESSFUL VETERINARY TECHNICIAN

- The following information is intended solely to provide the potential student with a summary of abilities that are characteristic of a successful veterinary technician
 - Ability to tolerate walking and standing for sustained periods of time.
 - Capable of lifting and/or carrying up to forty (40) pounds from floor level to waist level frequently and up to fifty (50) pounds or more with assistance occasionally.
 - Ability to bend over at the waist, twist the trunk, squat, kneel and reach above the head. Have the body size, conformation and fitness to do the physical work required of a technician.
 - Amenable to learning to safely handle, restrain and work with any species of domestic and exotic animals that may be sick, injured, fractious or aggressive without fear.
 - Open to performing routine cleaning duties including using brooms, brushes, hoses and various cleaning products (detergents/disinfectants).
 - Understanding of the requirement to work around dangerous animals, hazardous chemicals, compressed gasses, pharmaceuticals, sharp objects, radiation and other biohazards.
 - Operate and maintain a variety of medical diagnostic and therapeutic equipment.
 - Tolerate exposure to animal hair, dander and other potential allergens.
 - Able to appropriately respond to stressors of the job and profession.
 - Ability to communicate effectively with a team to accomplish tasks.
 - Ability to appropriately respond to and resolve interpersonal conflicts that may arise.
 - Ability to effectively manage multiple tasks and responsibilities simultaneously and professionally

*Please note that this program can be very demanding and students will be asked to perform duties that are outside the classroom hours. We will do the best to work with the student's schedules, but in order to complete the requirements of the program additional coursework is a must. *

Additional Application Information- PLEASE REVIEW ALL ASPECTS

- Applications and all documentation due: **May 3rd 2024**. EXCEPT: Rabies Vaccine Record and Observation hours are due no later than **August 2nd 2024**
- Application Fee Submitted-\$45.00
- Copy of transcripts **MUST** accompany your application! (High School or College)
- Observation hours and Rabies Vaccine Record for accepted applicants are due no later than **August 2nd 2024**, please see section on completion of observation hours for details.
- All necessary vaccinations and medical information **must be provided prior to the start of classes and may be turned in with your application**. Incomplete applications may result in removal from the program.
 - The Cabell-Huntington Health Dept. is a site that offers the rabies vaccinations. Please call ahead to check availability. Ask them for an insurance reimbursement form to send in to your insurance; sometimes your insurance will cover the cost of the vaccinations. If not the costs associated are the responsibility of the student. Cost range for the series of two-three vaccinations (\$900.00-\$1200.00). This is a school related expense and can be used as a tax deduction.
- Drug Testing and Background Checks will be performed on students prior to admissions (cost of admissions testing is applicants responsibility \$100-\$125), as well as, during the course of the program at random. **This will be arranged for you** and you will be notified when you need to take this.
