Center for Excellence in Teaching and Learning (@MCTCCETL)

Operations Manual

The CETL's Operations Manual is currently being reviewed and revised. The aim is to have a completed, functional version by May 1. This document includes policies, workshop materials, and distinctions for the responsibilities between the director and advisor board members.

CETL Website

The CETL now has a protype website! This site includes information about resources, conferences, and more. Initially, our plan had been to debut the site in May, so we're ahead of schedule! Faculty and staff should be able to access it very soon!

Proposing CETL Sessions

The CETL team wants to hear from you!

While sessions for Spring 2025 have been selected, we are still open to future ideas, especially for our next round of In-Service. If you would like to present, please use the QR code to visit our proposal form!

Student Engagement Workshop

One of the most commonly suggested topics in the previous Campus Needs Survey was student engagement. How can we get (and keep) students engaged? How might this translate to online or flex courses?
The Student Engagement Workshop will be offered in March, and the CETL team is currently considering names of potential speakers. If you would like to participate in this session, please contact cetl@mctc.edu!
