Important Note: The instructions below apply to student and/or spouse. In addition, please notify the financial aid office if the student and/or spouse filed separate IRS income tax returns for 2024 or had a change in marital status after December 31, 2024.

Instructions: If the student and/or spouse filed or will file a 2024 IRS income tax return(s), please note that as part of federal student aid eligibility, students, and spouses (as appropriate), will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In other words, if the student and spouse (as appropriate) filed separate 2024 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2024 income information that was transferred into the student's FAFSA using income and tax information directly from the IRS.

If 2024 income tax return information for the student (or spouse, if applicable) was not available or could not be used, the student should provide the institution with a 2024 IRS Tax Return Transcript(s) or a signed copy of the 2024 income tax return and applicable schedules.
